

TURBOCHARGE YOUR CUSTOMER SATISFACTION!

Communicate with customers through
your own branded IOS & Android App.

vvGarage is an easy to use marketing
& communication App for automotive
workshops and franchise dealerships.

Marketing

Communication

Satisfaction

Nurture customer loyalty between long service intervals.
Ensure customers feel valued and fully informed on the day of their service visit.
Deliver powerful marketing messages direct to your customer base.

- Send unlimited notifications direct to your customer's smartphones – special offers, reminders, promotions, holiday opening times and seasonal motoring tips
- Send live status updates on the day of a service, reassuring customers that their car is receiving your full attention and will be ready for collection at the agreed time
- Customers can use the app to respond to service reminders, book an appointment or sign-up to promotions
- Customers can use a host of handy features such as fuel economy calculator, warning light library and vehicle information
